Six Dead Bodies So Far Have Been Discovered in Different Parts of the City.

Six Thousand Destitute Were Fed Monday—Order Prevails Under Military Rule and Work of Rebuilding Commenced.

Jacksonville, Fla., May 7.—The work of relief in Jacksonville is progressing systematically. The relief association Monday increased its committee of nine to fifteen, appointed a financial committee of five, adopted a constitution and made temporary organization permanent, with C. F. Garner president and J. F. Parrott vice president.

The following are the dead so far recovered: Harry D. Bonatue and Win. Clark, white, and an unknown Negro, found in the river Monday at the foot of Market street. Mrs. Cornelia Thompson, widow of the late Gen. Waddy Thompson, bones found in ruins of Old Lauder, Union and Laura streets. Martha Hagen, a Negro woman, found Sunday at Ocean and State streets. One other unknown Negro is reported in the river, but the report is not confirmed. Bonatue was 54 years old and a prominent real estate man. He leaves a wife and one child. He with Clark was cut by the flames at Market street wharf.

Feeding the Destitute.

Six thousand destitute were fed Monday by the relief association. Gov. Jennings has directed military government of the city by a general order placing Col. Lovell in command and making Maj. Maxwell provost marshal.

The receipts by the relief association and other agencies approximate \$50,000 Monday night.

Ten carloads of supplies were received Monday from Charleston and one from Atlanta, as well as many other small lots.

Perfect order prevails. The work of rebuilding has commenced. The owner of the grand hotel building writes that he has ordered plans for the erection of an eight-story building on the old site. This was the costliest business structure burned. Plans are preparing for rebuilding of the Windsor hotel. Insurance adjusters continue to arrive, but no concerted plan of loss settlements has been arranged.

An Official Statement.

The following official statement was issued Monday night by the relief association:

"To the People of the United States: The relief committee, having received many inquiries concerning the situation here, desires to make the following general statement: The city of Jacksonville, on Friday, May 3, was visited by one of the most horrible and appalling calamities that has ever happened to any community of modern times. About noon of the day a fire was discovered in a small palmetto leaf factory in the extreme western portion of the city. A high wind was blowing from the west, carrying the flames over the heads of the firemen. The fire spread with such rapidity that our citizens had great difficulty in leaving their homes and places of business. In many cases they barely escaped with their lives, and we regret to say that a number were killed or to death, or drowned in their efforts to escape from the flames. The number at this time we have been unable to ascertain, although five bodies have been taken from the ruins and from ten to fifteen thousand people are homeless."

The burned Area.

The burnt area extends east and west about two miles and north and south varying from one-half to three-quarters of a mile. In this area was situated the oldest and most populous portion of the city, embracing all classes of people, high and low, rich and poor. The flames carried before them homes, churches and all the public buildings, and more than half of the business section was also consumed. The property loss aggregates from \$12,000,000 to \$15,000,000.

All contributions of money should be sent to A. M. Ives, treasurer, and all supplies should be sent to Jacksonville Relief Association.

Ex-Congressman Turner Married.

Springfield, Ill., May 7.—Former Congressman O. Turner, of the Fifth Kentucky district, Louisville, Ky., and Miss Mary Jane Caldwell, of Chatham, daughter of Congressman Benjamin F. Caldwell, of the Seventeenth Illinois district, were married here Monday.

Heaviest Hail Storm in Years.

Seima, Ala., May 7.—The heaviest hail storm in years visited this city Monday. Stones the size of bird eggs fell during the night. Storm and remained on the ground about 40 minutes, damaging young corn and cotton.

Tool Plant Burned.

Lovell, Mass., May 7.—The Fidelity Tool Co. plant was burned Tuesday morning. Loss probably will exceed \$200,000.

IN NEW MEXICO.

The Presidential Party's Hot and Dusty Ride—The Stop Was at Deming.

Deming, N. M., May 7.—Shortly after leaving El Paso, the train crossed the line into New Mexico and ran through the grazing section of the territory. It was a hot, dusty ride. The first stop in the territory was made at Deming, where the president was welcomed by Gov. Otero and his staff. There was a big crowd and a band at the station, and the president was given a warm greeting.

W. H. Berger, president of the New Mexico Press association, had met the party at El Paso, and accompanied the train across the territory. The address of welcome at Deming was largely devoted to New Mexico's claim for statehood. A broad banner above the train read: "New Mexico Demands Statehood." The president spoke briefly.

Santa Fe, N. M., May 7.—Four beautiful turquoise from the Porterfield mines in the Burro mountains were presented to President McKinley by Gov. Otero at Deming. The largest stone was 30 karats and was a superb specimen.

THE CONSTITUTION.

The New Yacht, Built at Bristol, R. I., Christened By Mrs. W. Butler Duncan.

Bristol, R. I., May 7.—With her hull gaily decorated with flags and her deck well filled with sailors, the yacht Constitution was christened Monday evening by Mrs. W. Butler Duncan, who broke the traditional bottle of wine on her glistening bow just as she started slowly down the water into the bay.

A platform had been rigged under the bow of the boat and on this Mrs. Duncan stood when the gong for the christening was sounded. Before her on the platform was her husband, the manager of the new boat, but all the rest of the party stood a little distance off.

At the sound of the gong Mrs. Duncan dashed a bottle of champagne against the yacht's bow, and as the wine gushed in sparkling foam on the prow the clock-racer acquired motion and slowly began her descent into the water. With the breaking of the bottle Mrs. Duncan, in a clear voice, said, "I christen thee Constitution."

Washington, May 7.—A claim was filed with the Spanish claims commission Monday on behalf of Harry McCann, a seaman on the ill-fated Maine who was killed at the Havanna harbor, asking \$10,000 for injuries sustained by him in consequence of the explosion. Claim of \$20,000 was also filed on behalf of Eugene Burns, whose son, a corporal of marines, was killed by the same explosion. Butler and Harwood, of New York, who filed the claims, based them on the ground that Spain, directly or by reason of negligence, was responsible for the explosion.

The strain on the rope caused the fastenings 40 feet above, to give way. An iron pulley struck Blunk on the head, crushing it into a shapeless mass. A falling scantly injured.

A Number of Speculators, Including Americans, Trying to Secure Options on All Lands For Legation Purposes.

Berlin, May 7.—The National Zeitung publishes a statement, evidently inspired, regarding the withdrawal from the province of Chi-Li. The withdrawal, it appears, will be under Count Von Waldersee's command, no nation proceeding alone. The first step will be to note sent to these commissioners naming the total indemnity. If China gives a written pledge of payment, the greater portion of the foreign troops will remain until the indemnity question is settled. Not until then will all the troops be withdrawn with the exception of the legation guards and the garrisons from Peking and the coast.

MINISTER WU A HERO.

He Is Entitled to the Lasting Gratitude of Every American Citizen, Says Maj. Conger.

Chicago, May 7.—"Minister Wu is a hero and is entitled to the lasting gratitude of every American citizen. The statement now being circulated that I ever challenged his truthfulness or his honesty of intention is absolutely false."

In these words Maj. E. H. Conger, United States minister to China, disposes of the charge that he is at enmity with Wu Ting Fang. Minister Conger arrived here on his home Monday night on his way to Washington where he is going to report to the state department.

Take a cup of Arbuckles' Coffee and a cup of the "cent-a-pound-cheaper" kind. One taste of each will prove to you that the reason Arbuckles' costs a little more is because it's worth more. It's selected with greater pains, roasted with greater care, packed with greater skill. It comes to you as fresh as when it left the roaster. Not a particle of its strength or flavor lost. Cheap coffee lacks both strength and flavor.

ARBUCKLES' Roasted Coffee

is cheaper in the end than other coffees because it makes more cupfuls to the pound and gives far greater satisfaction.

With each package of Arbuckles' Coffee you purchase a definite part of some useful article—which is yours on presentation to our Notion Dept. of a certain number of signatures cut from the wrappers. You'll find a list of the articles in each package.

Stanley was seriously, probably fatally, hurt at our wharf Wednesday evening by a headshot of tobacco rolling over him. Some excitement prevails among our rural citizens over the appearance of a rainbow, with each of the seven colors very vivid, in a complete circle around the sun at noon on Friday last. Campbell brothers finished hauling their timber here Saturday and took their teams to their farm near Ripley. As soon as cars can be secured the timber will be shipped to Covington. Mrs. Luella P. Ernst, wife of Mr. James C. Ernst, died Sunday at her home in Covington, after an illness of four weeks from nervous prostration. Mrs. Ernst was a relative of Mr. George B. Owens of this city.

RIVER NEWS.

The Courier goes up tonight for Pomeroy.

The river is falling from one end to the other.

The Indiana is due down from Pomeroy tonight.

The Excel is now running between here and Vanceburg.

The steamer Sun is now lying at Evansville waiting for a new trade to go after her.

The towboat Jim Wood broke her pitman strap on the larboard engine Sunday near Augusta.

Walter Allen of Pt. Pleasant has been appointed carpenter of the Key-stone State. He fills the place of T. T. Terry, who was recently killed.

The license of Captain H. D. Wilkins, Commander of the towboat Enterprise—owned by the river combine—was restored to him last week; his boat collided with the Charley Hook and the Local Inspectors at Pittsburgh attached no blame to him for the accident.

The survivors of the steamer Glendale, which on Christmas Day, 1870, sank in the Mississippi river below St. Louis, were banqueted at Pittsburgh last week by William Laird, who was one of the members of the crew. No lives were lost in the sinking. James A. Henderson was the agent at Pittsburgh for the boat.

The man Arms who was heralded as attempting to assault a woman on the Hill City pike last week was before Squire Grant yesterday and was fined and costed \$14.50 for exposure of person. Thus another fifty centation of the "cyclone" newspapers fades away!

Governor Beckham Monday made a requisition upon the governor of West Virginia for the return to Kentucky of Charles Gaskins, now under arrest at Charleston, W. Va., and wanted in Flemingburg for the murder of James Ryan, who was stabbed to death last week by Gaskins. It is said Gaskins escaped disguised as a woman.

The house occupied by Mr. Thomas Reeves and belonging to Mr. J. B. Burgess of this city, burned last Thursday afternoon near Fernleaf. It is supposed to have caught from a defective stove. Mr. Reeves succeeded in saving the greater part of his household goods but those that were burned were a total loss, as there was no insurance. The insurance on the building was \$200.

THE LEWISES OF LEWIS.

Remarkable Aggregation of Lewises in a Marriage in Lewis.

At Vanceburg a few days ago there was a somewhat remarkable marriage when Mr. Wm. A. Lewis was united in marriage to Miss Mima V. Lewis in the county of Lewis and the ceremony was performed by Rev. Robert R. Lewis.

The bride is the daughter of Colonel Basil Lewis, whose ancestors were the oldest settlers of Lewis, and in honor of whom Lewis county is named.

The groom is no blood relation of the bride.

An Open Letter.

We desire to say that our business since January 1st has passed the mark anticipated. We wish to be frank; therefore we are not attempting to talk to business people and put it in the form of a polished essay. The advantage of having merchandise different from your competitors is apparent, provided that the retailer is known to be reliable. Does not a good deal of advertising appear to you as though the advertisers were indulging too freely in Fine Words? Most of them seem to say something that means nothing. Names are invented for goods that have no bearing whatever to the materials; turned and twisted until they are no longer recognizable, all of which is done to tone the product, because the product hasn't enough of it. Fine feathers make fine birds, but fine words do not make fine goods. We are strong believers in advertising because it is a good thing, but advertising doesn't pay unless constructed on a proper basis, and it is to plainly tell people what you have to sell, and sell it as low as is consistent with legitimate business methods.

Our spring importation of Dress Goods, White Goods, Carpets, Mattings and Housekeeping Goods generally is complete. Come and learn prices, which will be found to be as cheap as the cheapest, quality considered. Respectfully,

GEORGE COX & SON. 82 years selling good goods.
